

FYI

FOR YOUR INFORMATION by Mayor Julia Mosley

*Call 301-773-7891 to contact the Mayor. The Mayor's door at the Community Center is open to visitors on **Monday evenings** from 7:30 to 9:30 PM, except holidays or if otherwise posted.*

American Resource Management – Update. American Resource Management owns a 71.5 acre site that borders Cheverly, and is surrounded by Boyd Park, Cabin Branch Road, Sheriff Road and Marblewood Road. This site is zoned for industrial use (I-1/I2), but has always been heavily wooded. However, in the last year much of the site has been cleared for Clay Mining, with the intention of eventually subdividing the property into 5 to 10 Industrial lots for sale. This property is also where the Marva Concrete processing plant is being proposed to be built.

Given the current Industrial zoning designation and the approved mining permit, there is little or no leverage available to the Town of Cheverly to stop this activity. As reported previously, the Town Council met with the owner of the property, Mr. Bilo, at the July 9th Worksession to discuss possible alternatives. At this meeting the Town took a position of opposition to Mr. Bilo's subdivision request, with the hope of entering negotiations to preserve as much of the remaining forest as possible or possibly purchase the land. Mr. Bilo agreed to withdraw his request and negotiate with our Town Administrator.

At the September 6th Worksession the alternatives were reviewed. Purchasing the property was impossible given the \$25-30 million price tag. However, Mr. Bilo offered to preserve (or reforest) 21.9 acres or 30.6% of the site. The county zoning regulations only requires 15% of the land to remain wooded, and the county regulations allow the owner to purchase wooded area elsewhere in the county to meet this requirement. Mr. Bilo offered to retain the full 30.6% on the existing site and deed part of the land to Cheverly, allowing us to add some additional land to Boyd Park. The Town Council and I remain concerned about the recent hearings concerning possible locations for a trash transfer station somewhere in the County, perhaps in the general area around Cheverly. Because of this concern, we are also asking for language in our agreement that would prevent use of Mr. Bilo's property for this purpose. In return, Mr. Bilo asked the Town to agree with his request to build a wall along Marblewood Road to help protect his property and also help reduce or eliminate the dumping that has occurred along that road for many years. This wall would look very similar to the wall that currently exists along Sheriff Road. The Town would also be expected to drop its opposition to Mr. Bilo's subdivision. The Town Council voted on this proposal at the Sept. 27th Worksession. The Town choose to accept the negotiated terms of the agreement.

Important: The Town remains opposed to the construction of the Marva Concrete Processing plant on this property. The County Park and Planning Commission will conduct hearings on this matter on October 10th. If you would like more informa-

COMMUNITY OF PEACE

A number of citizens have asked the Town Council to pass a resolution to make Cheverly a "**Community of Peace**". The Community of Peace Foundation created by Gerry Eitner offers a process whereby communities across the country can work toward becoming a "**Community of Peace**". This is not a political or partisan proposal & citizens recommending this initiative have received

support from residents & Town Groups including Cheverly American Legion. The proposal was discussed & introduced at the July Worksession & brought to the televised Aug. Town Meeting & further discussed at the Aug. 23 Worksession. It will continue to be discussed at upcoming meetings with an expected vote at the Nov. Town Meeting. For questions email joycelang@verizon.net. More in the November Newsletter.

Tired of Rush Hour at the Metro!! -- Thanks to the efforts of one of our residents, the State Highway Administration recently conducted an evaluation of the traffic operations in the Cheverly Metro corridor. The results of the study proved what Bob Klosowski already knew, traffic operations could be dramatically improved by changing the timing of the lights and adding an additional light. The State Highway Administration has scheduled these improvements for September, and hopefully by the time you read this your rush hour headaches will be improved. Thanks Bob, for your efforts and initiative in getting these improvements.

The Pointe at Cheverly – Progress continues towards the construction of the Pointe at Cheverly on the site near Howard Johnson's where the two dilapidated office buildings once stood. Shortly, the County District Council will vote on the Detailed Site Plan and the rezoning of the land to M-U-I. If the district council approves the detailed site plan and the rezoning, (as it is anticipated) the developer is in a position to start applying for the various construction permits and begin advance sales of the 244 one and two bedroom condominiums with estimated sales price from 275K to 400K, and some retail space. With approval expected, the major hurdle remaining is to finalize the financing of the project.

All of the financing is in place except for the construction of the underground garage. The estimated cost of construction of this garage is almost 14M. Cheverly has been asked to issue 10.8M in Tax Increment Financing (TIF) Bonds to finance part of the cost of the parking garage. TIFs are used by governments participating in redevelopment projects to finance infrastructure such as garages. Unlike ordinary bonds which are general obligations of the Town payable from the Town's general tax revenue, TIF bonds are repaid only from the real property taxes of the site being redeveloped and then only the **increase** in property tax caused by the redevelopment can be used to repay these bonds. They are not otherwise general obligations of the town. While Cheverly will be issuing the bonds, the county will be responsible to repay approximately 80% of the debt (8.6M) from its property tax increase and Cheverly will be responsible for remainder (1.9M) to be paid out of the real property tax increase generated by the redevelopment. The Town is currently exploring the viability of this bond offering via Bond Counsel and the Office of the Maryland Attorney General and they will be making a decision soon as to whether to issue these TIF Bonds. In the event the town is unable to issue the TIF, it is more than likely that this project will be delayed or abandoned. The county has refused to be the issuer of the TIF, but will commit its tax revenue increase to pay the TIF Bonds if the Town issues them.

There has been some concern from town residents regarding the town assisting the developer with the funding of the project. This concern is counterbalanced by the financial benefit to the

town as well as the overall public purpose of improving a previously blighted area.

Facts regarding TIF Bonds:

Assumptions: 10.8M loan, 30 year term, interest rate 5.75%, 80/20 split with county *****

TIF Bonds do not require Cheverly to pledge its "Full Faith and Credit". This means the town is not required to repay the loans if the property value does not increase.

TIF Bonds are paid only from the increase in property tax, in a predefined "TIF district". Existing town revenue streams can not be used to repay this loan.

The "TIF district" will include the Pointe at Cheverly and the Howard Johnson's properties. ****

Cheverly is only responsible for repaying the TIF bonds with proceeds from the increase in property tax from the defined "TIF district".

The projected increase in property value from this redevelopment in the "tax district" is 98M, which should yield Cheverly an increase of 15.8M in property tax over 30 years.

Of that 15.8M Cheverly will be required to pay 6.4M in debt service over 30 years, yielding 9.4M in additional property tax revenues.

The money from the loans is not released to the builder until the entire contract is finished. This prevents a situation where the builder is paid, but the building is not built.

Cheverly's revenues from other taxes and fees such as the income tax paid by the new residents of the condominiums will not be committed to repay the TIF and will result in substantial additional revenue to the town.

**** These assumptions will be negotiated and finalized with the builder and the county.

We will not be voting on this until November at the earliest.

Message from the Chief Buddy Robshaw
(policechief@cheverly-md.gov)

POLICE OFFICER OF THE YEAR – The Department and the Town of Cheverly would like to extend its sincere appreciation for the outstanding efforts of Detective Ernest Haylock #1668, the 2007 Cheverly Police Officer of the Year. Detective Haylock was recognized by the Police Chief's Association of Prince George's County for his dedication to duty to the citizens of Cheverly and for professional and personal excellence. Be sure to congratulate Detective Haylock as you see him around the community.

NEW SUPERVISOR – The Department would also like to recognize Sergeant James Cathcart #1669 for his recent promotion. Sergeant Cathcart will assume the duties of the Patrol Commander. Be sure to congratulate him as well.

C-PACT MEETING – After a summer hiatus, the next C-PACT Meeting is scheduled for Tuesday, October 23, 2007. The meeting will take place in the Department's Conference Room at 7:00 PM. Discussions will include the current crime picture and finding ways to re-energize C-PACT for the coming year.

RIDE-ALONGS – The Department encourages all Cheverly residents to ride-along with their police officers. On certain enforcement nights, as many as 10 residents can ride-along at one time and there is always room on the weekends. Call the office at (301) 341-1055 to schedule a ride-along or receive information about this valuable program.

NATIONAL NIGHT OUT - The 2007 version of NNO was the best ever. Approximately 600 residents attended the festivities and sent a strong message to the criminal community that crime is not welcome in Cheverly. In association with this event, I would like to personally thank the Cheverly CVS, Giant, and Pepsi, as well as the local Home Depot and Lowes for their outstanding support. Most of all, I would like to thank the Largo location of the **Outback Steakhouse** for their contribution of the food for NNO. For the second year in a row, Outback has come with a very generous donation. When you visit the **Largo Outback**, make sure you make a special effort to thank the staff for their dedication and community support.

HOME SECURITY SURVEYS – The Department recently had two officers graduate from a home security school sponsored by the Maryland Police Training Commission. These officers now have the most recent updates on home security as well as ideas about protection methods and the latest in terms of security hardware, lighting, etc. Please do not hesitate to call for a free home inspection.

ACCIDENTS AND MOTOR VEHICLE SAFETY TIPS – The Maryland State Police released the latest statistics for traffic accidents throughout Maryland and Prince George's County leads the State in fatalities with 58. The most frequent causation is driver error, although alcohol is a significant contributor. In accordance with these statistics, the Department makes the following recommendations:

1. Every person riding in a car or truck needs his or her own seatbelt. Passengers should not ride in storage areas or on other person's laps. Children should always ride in the back seat restrained in a car seat or safety belt.
2. Infants should ride in rear-facing car seats until they weigh at least 20 pounds and are at least one year old. Do not put a rear-facing car seat in the front seat of a vehicle with an active passenger air bag.

Children ages 4 to 8 weighing between 40 and 80 pounds should ride in booster seats restrained with lap and shoulder belts. A regular safety belt will not fully protect a child this size in an accident.

WE NEED BOOKS – The Cheverly Police Department has acquired several new library units for its conference room and is in need of law and/or law enforcement-related books and materials. There have been a number of generous donations already and we are always looking for more. Any donations are greatly appreciated and are tax deductible. Reference books are used quite regularly around the Department to research enforcement and investigative methodology, case law, and to help a number of officers who are currently attending college. Thank you in advance.

ABANDONED, UNREGISTERED, AND INOPERABLE VEHICLES IN CHEVERLY – The Department has begun

another aggressive campaign to rid the Town of unregistered, inoperable, and abandoned vehicles. This means vehicles with expired tags, vehicles that are inoperable or are missing major body parts, or vehicles with tags issued to another. This applies to vehicles on both public and private property, on the street, in your driveway, or in your backyard. Please make every effort to bring your vehicle into compliance. As always, the Department will tow any resident's donated vehicle away for free and you will receive a letter for tax purposes. Unlike other agencies, this Department does not care what condition the vehicle is in.

MARYLAND LAW QUIZ – See how well you can do with the following questions:

1. New residents of Maryland have _____ days to obtain a Maryland driver's license and registration for their vehicle(s).
2. The driver of a vehicle being overtaken by another vehicle lawfully passing on the left shall give way when the passing vehicle gives a(n) _____.
3. Except at through highways, a vehicle at an intersection has the right-of-way over any vehicle approaching from the _____ and shall yield the right-of-way to any other vehicle approaching from the _____.
4. True or False: A pedestrian crossing a roadway outside of a crosswalk must yield to all vehicular traffic.
5. A person may not follow within _____ feet of any fire apparatus traveling in response to a fire alarm or park within _____ feet of any fire apparatus stopped in response to a fire alarm

HALLOWEEN PARADE AND PARTY

The annual Halloween Parade and Party, sponsored by the Recreation Council on Saturday November 3rd at 11:30 AM. The parade will start at Gast Park at 11:15 AM and proceed down Parkway and up Forest Road to the Community Center. Parents are invited to come in costume and join in the fun. There will be crafts, ribbons and lots of goodies for everyone. We'll need volunteers, so if you can help call Barbara 301-773-5883.

Cheverly RECREATION COUNCIL's October meeting will be held on Tuesday, October 23rd at 7 PM in the conference room at the Community Center. We are in need of Volunteers to join us and help out at the Halloween Party.

Cheverly GARDEN CLUB is sponsoring a Green Home and Garden Tour—Sunday Oct. 14, 1 PM - 4 PM. Come see some environmentally friendly Cheverly homes and gardens! Learn how to save money, energy, and our local environment! The tour will feature approximately five Cheverly homes with energy-efficient and other "green" features, plus two homes with eco-friendly gardens and landscaping. Tickets are \$5/family in advance (contact Teresa Williams—tewjed@comcast.net) or \$10 on the day of the tour. Tickets are limited. Don't delay, we expect a quick sellout. Volunteers needed, contact Lisa Lincoln at lisalincn@verizon.net

Private Property Tree Planting Program

The Mayor and Town Council want to preserve Cheverly's urban forest canopy. Towards this end they have established a private, property tree planting program. The program intends to encourage resi-

dents to let the Town plant trees in their yards. The yards provide the trees with a larger space where the tree can mature without the impacts and confines of the tree planting strip found between the curb and the sidewalk.

This past summer's effect on established and newly planted trees can best be described as horrible, atrocious, vicious, and "brutal." The area wide drought caused the demise of many beautiful established and newly planted public and private property trees.

Although water alone is not the number one issue that addresses the demise of a tree - it is one of the factors that must be considered when a tree dies. Other factors influencing the demise of trees are: Environmental Damage - diseases, such as fungi and parasitic growth - insect and animals - age - chemical poisoning - pH of the soil - changes in habitat - competition for food from other plants and these are the simple factors.

Considering the benefits of our urban forest canopy and understanding that trees that die need to be replaced the Mayor and Town Council have asked that the department of public works coordinate the private property tree planting program.

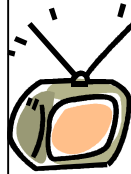

Under this private property tree planting program the Town will seek to plant native to Maryland trees in private yards where permission is granted and space is available. Other trees for consideration will be those found on the Maryland Department of Natural Resources "approved list." The program will seek to meet the resident's needs on a first come first serve basis if and when the trees are available until the funds are exhausted. One tree will be planted per household after a hold harmless clause has been signed.

All the trees planted under this program will be planted by hand. Public Works will not use heavy equipment to plant the trees under this program. Henceforth, there is a limitation on the size of the trees that will be planted. If you are interested in having a tree planted in your yard, please call the department of public works for more information.

Public Works phone number is 301-773-2666 and we are open between 7:30 AM and 4:00 PM, Monday thru Friday. As the tree is planted in your yard we will ask homeowners to: - Water the tree at least two times a week with a five gallon bucket - Do not weed whack around the trees trunk - Do not spray/add weed killer around the base of the tree - Do not compact the soils around the tree - Do not break branches.

Residents receiving trees under this program shall "hold harmless" the Town's crews, its officials and agents during their planting efforts and thereafter regarding all issues consequential or incidental to the effects of the tree as it matures in the space provided.

Yoga is a great way to stay limber and fit! *Gentle Yoga* is perfect for seniors who need low-impact exercises. **Cheverly United Methodist Church** is sponsoring *Gentle Yoga* for seniors every Thur. morning from 11am-12pm, from Oct. 18 - Nov. 15. \$50 for the session. Sign up! Call Becky at 301-773-1314 - Tues.-Fri. between 10-2.

Electronic equipment such as, televisions, computers, monitors, LCD and LED screens, radios, electronic games, cell phones and similar equipment are hazardous materials and must not be disposed of at the landfill. It seems as if we cannot live with-

out these electronic devices since they have revolutionized our lifestyles. But they do become obsolete and often fail to work, however; when there is a need to dispose of these items they must not go to the landfill. These electronics threaten the environment, because of the dangerous elements in them.

Computers and its peripherals are the main contributor to electronic waste. Made up of various toxic metals and toxic to the environment components - they must not be placed in plastic bags or boxes in order that the re-

fuse collectors place them on the refuse truck and end up in the landfill. Evaluating this concern the Mayor and Town Council have directed the Department of Public Works to stop placing/collecting electronics equipment on the back of the refuse truck during bulky trash collection days.

The Sanitation division of Public Works - with a pickup truck - will begin collecting - at no cost to the residents - electronic equipment from the curb during bulky trash day; Thursday East side - Friday West side. The collected electronic equipment will be taken to an approved disposal site

FALL HAM DINNER - Mark your calendar now for the Cheverly United Methodist Church Ham Dinner. It will be held on Friday, Oct. 19th, 5:30 - 7:30 PM in Fogle Hall. Ham, potatoes, beans, rolls, salad, desserts and drinks will be served. The cost is \$8 adults, \$7 seniors, \$5 children 4-11, and children 3 and under are free. Please join us for a night of great food and fellowship.

CPRC - Cheverly Parent Resource welcomes Cheverly families to another exciting year. We've started planning several special events for the year. Now is the time to join CPRC or renew your membership (\$15). Your tax-deductible membership helps CPRC to continue sponsoring many community events. And paid members receive the membership guide, an invaluable reference for local parents. Visit CPRC online (www.cheverlyparent.org) for membership information and a link to pay your dues through PayPal. Our membership drive ends October 15, so join – or renew – today!

CPRC offers three very popular playgroups. Weekday playgroups meet Wed and Fri, 9:30 to 11:30am, at Gast Park in good weather, or at the Community Center in inclement weather. We also offer weekend playgroup, which meets at Gast Park on Sunday afternoons, 3:00-5:00pm (good weather only). We're always happy to welcome new faces (and old friends) at playgroup.

CPRC introduces a new program: our scholarship fund. These scholarships are for elementary school-aged children to participate in extracurricular programs, and will be awarded by a committee, with decisions based on a combination of merit and financial need. Visit our website for complete details and an application (www.cheverlyparent.org) or contact Caroline Jarboe (scholarship@cheverlyparent.org).

FARMERS MARKET to be held At Town Park on October 6

All citizens are encouraged to come to an inaugural Fall kick-off market Saturday, Oct. 6, from 9 am to 1 pm at Town Park.

Cheverly WEEKDAY NURSERY school has begun its 37th year in the community. We are preparing for a busy year. On Monday, Oct. 15th, we will have our annual fundraiser at Franklins Restaurant in Hyattsville. Come have lunch or dinner and be sure to stop at the gift store where you'll find many unusual gifts. Say you are with Cheverly Nursery or Mother's Day out. On Oct. 26th, we will begin our Claire's Gourmet fundraiser. Orders can be made over the phone or stop in & see us. We will take orders until Nov. 15. The Nursery also has one full day & a half day opening. Call Nancy or Linda at 301-773-2297.

YARD SALE in Cheverly

Oct. 6 - 3201 Belleview Ave. 9-12

Oct. 6 - 6015 Inwood St. 9-1

Oct. 7 - 3112 63rd Ave. 12-6

Oct. 13 - 3004 Belleview Ave. 9-1

ACTIONS TAKEN

Votes were unanimous unless otherwise noted.

Worksession—September 6, 2007

- ☐ Motion CM Ford to close to discuss possible annexation. Seconded CM Callahan

Town Meeting - September 13, 2007

- ☐ Motion CM Callahan to excuse CM Watson & the Mayor. Seconded CM Eldridge.
- ☐ Motion CM Callahan to adopt the Mayor and Council Expense Authorization & Reimbursement Policy. Seconded CM Eldridge.
- ☐ Motion CM Eldridge to adopt R-7-07 supporting the Anacostia Trail Study. Seconded CM Callahan.
- ☐ Motion CM Callahan to adopt R-8-07 establishing Park Use Fees. Seconded CM Callahan.

Worksession—September 27, 2007

- ☐ Motion CM Watson to accept the American Resource Mgmt's offer, subject to all terms & the Town's Attorney approval. Seconded CM Eldridge.
- ☐ Motion CM Eldridge to close meeting for legal advice on annexation. Seconded CM Watson.
- ☐ Motion CM Eldridge to open meeting. Second CM Watson
- ☐ Motion CM Watson to adopt R-10-07 authorizing purchase of 5811 Landover Rd. Seconded CM Schachter.
- ☐ Motion CM Callahan to formalize opposition to grading Special Exception (SE-4502) for establishment of concrete plant. Seconded CM Watson
- ☐ Motion CM Eldridge to appoint Jeremy Coon to Cheverly Planning Board. Seconded CM Watson.

Meeting Agendas are updated on website: www.cheverly-md.gov

TENTATIVE AGENDA

Town Meeting - October 11, 2006

- ☐ Resolution—Amending Urban Renewal Plan - 3302 Belleview Ave
- ☐ Resolution –R-9-07 Appointing a Ward 1 Ethics Commission Member

Town Meeting broadcast LIVE on Cable 71. Re-broadcast everyday at Noon, 3:00 PM & 6:00 PM

Friends of Lower Beaverdam Creek Activities

Saturday, October 20 3:00 –4:30 pm Creating a Nature Journal
Keeping a nature journal is a way of seeing and learning about the plants and animals around you. Bring a pencil and a small notebook or several pieces of plain paper and a clipboard. We'll explore for things to draw and write about in our journals. Meet at the basketball courts by the Community Center. Children must be accompanied by an adult. Program will be cancelled if there is rain.

Saturday, October 27 9:00 am – noon

Last Saturday-of-the-month worksession. Meet at Woodworth Park (Wayne Place and Cheverly Park Drive, off Parkway) Gloves and tools provided. Wear long pants and long sleeves.

Lower Beaverdam Meeting - Wednesday, October 17 - 7:30 pm

For information, call Elaine Friebele, 301341-5722
